EXPERIENCE

UI Designer / Developer

Dec 2025 – Present

Westay [Dubai](#)

- Built a design system from scratch, defining all token variables for spacing, color, and typography.
- Developed a modular component library following atomic design principles.
- Produced advanced Figma prototypes with conditional tokens, complex interactions, and animations.
- Operated within a Scrum team, contributing to sprint planning and iterative delivery.

UI Designer / Developer

Aug – Dec 2025

Ibernova [Barcelona](#)

- Designed and prototyped web and HMI industrial applications in Figma.
- Developed Angular components with a focus on consistent, scalable styling.
- Created and documented a full design system, accelerating development across projects.

UI Designer / Front-End Developer

Jan 2023 – Aug 2025

EY [Barcelona](#)

- Delivered front-end solutions for hospitality clients within cross-functional Scrum teams.
- Built responsive components using HTML, SASS, Bootstrap, Vue.js, and Nuxt.
- Led UI design and prototyping in Figma, bridging design and dev workflows.
- Maintained component libraries in Storybook to streamline design-to-code handoff.

Founder — UI Designer / Developer

Dec 2023 – Present

Painterly [painterly.dev](#)

- Designed and built a full-stack CSS/SCSS eLearning platform using Nuxt 3, Firebase, and Stripe.
- Created and recorded original HTML/CSS/SCSS courses as lead instructor.
